Interim Final Requirement: Under this requirement, an SEA must engage in meaningful consultation with various stakeholder groups on its ARP ESSER plan and give the public an opportunity to provide input on the development of the plan and take such input into account. Specifically, an SEA is required to consult with students; families; Tribes (if applicable); civil rights organizations (including disability rights organizations); school and district administrators (including special education administrators); superintendents; charter school leaders (if applicable); teachers, principals, school leaders, other educators, school staff, and their unions; and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students in the development of its ARP ESSER plan. Under the requirement, an SEA must also provide the public with the opportunity to provide input in the development of the plan and take such input into account.

*Meaningful consultation means each stakeholder group was afforded multiple opportunities to provide feedback on the LEAs ARP application prior to the application being submitted. Pursuant to 2 C.F.R. § 200.332(a)(5), all sub recipients as identified in Exhibit A, attached to this sub award, must permit PED and auditors access to records and financial statements as necessary.

GEPA Rubric

A satisfactory answer

- Describes potential barriers to accessing aspects of the proposed spending plan based on criteria such as gender, race, color, national origin, (dis)ability, and age
- Describes steps that will be taken to eliminate or reduce those barriers to ensure equitable access

May require revision

- May not clearly or completely describe potential barriers to accessing aspects of the proposed spending plan based on criteria such as gender, race, color, national origin, (dis)ability, and age
- May not clearly or completely describe steps that will be taken to eliminate or reduce those barriers to ensure equitable access
- Professional development will be provided to the teachers to support the use of these intervention resources. Administration will conduct observations to offer support with interventions in line with the New Mexico Teacher Evaluation policies and procedures.
- 2.Teachers and support staff will use different research based assessments and screeners such as STARS, iStation, and formative assessment data to identify at risk students.

3.All 1-3 grade teachers will complete LETRS training to support the Science of Reading and Structured Literacy, helping to meet the needs of all students and ensure that students are reading at grade level by the end of third grade. One member of our Administration Staff will attend LETRS for Administrators.

4.Professional development will be provided on Structured Literacy and Multi-Layered Systems of Supports (MLSS) to support our at-risk students. Cross grade level collaboration will allow teachers to lead professional development on the Science of Reading, Structured Literacy, and the LETRS training.

5.Data will be analyzed on all students at the beginning of the year, middle of the year, and end of the year to identify our most at-risk student populations

6.We are committed to a rich technology curriculum and funding will support the purchase of curricula, devices, and internet for all classrooms and students to have equitable access to technology. In the event that we are remote learning, each student and staff member will be provided a Chromebook at hotspot (if needed) to ensure 100% connectivity by all members of the district.

7.We will incorporate music programs, specifically Suzuki strings, Social Emotional Learning curriculums, and field trips into our curriculum. We will ensure that these are both culturally and linguistically appropriate and supportive of
